

Cumulative Index—1980, 1981, and 1982

Volumes 1, 2, and 3

SYMPOSIA

1980

<i>January</i>	DISTURBANCE OF RESPIRATORY CONTROL
<i>May</i>	TUBERCULOSIS
<i>September</i>	DIRECTIONS IN PEDIATRIC RESPIRATORY DISEASE

1981

<i>January</i>	PULMONARY INFECTIONS
<i>May</i>	OCCUPATIONAL LUNG DISEASES I
<i>September</i>	OCCUPATIONAL LUNG DISEASES II

1982

<i>January</i>	ADULT RESPIRATORY DISTRESS SYNDROME
<i>May</i>	RECENT ADVANCES IN LUNG CANCER
<i>September</i>	INTERSTITIAL LUNG DISEASES

Note: The volume year is in *italic* type. Page numbers of symposium and article titles are in **boldface** type.

- Abscess, lung, 1981: Jan., 42
 in children, 1980: Sept., 398
 Abstinence syndrome, neonatal, 1980: Sept., 315-317
 Acid-base changes, in control of breathing, 1980: Jan., 13-32
 ACTH, role in small cell carcinoma of lung, 1982: May, 262-264
 ectopic secretion of, in lung cancer, 1982: May, 308-310, 312
 Adenocarcinoma, of lung, pathology of, 1982: May, 276-282
 Adolescents, cystic fibrosis in, 1980: Sept., 407-420
 Adults, cystic fibrosis in, 1980: Sept., 407-420; 1981: Jan., 91-102
 respiratory distress syndrome in. See *Respiratory distress syndrome, adult*.
 Aerosols, as environmental hazards, assessment of, 1981: Sept., 318-322
 Air-fluid levels, within bullae, 1981: Jan., 54
 Air pollution, lung cancer and, 1981: May, 294; 1982: May, 223
 Air sampling, in workplace, for environmental hazards, 1981: Sept., 320
 Air spaces, terminal, stabilization at birth, 1980: Sept., 297
 Airways, epithelial hyperpermeability of, 1981: Sept., 380-382
 hyperactivity of, 1981: Jan., 70
 pollutant-induced, 1981: Sept., 377-383
 obstruction, chronic, pulmonary function indices in, 1980: Jan., 51-52
 interstitial disease and, 1982: Sept., 462
 sarcoidosis and, 1982: Sept., 549
 upper, during sleep, 1980: Jan., 67-69
 smooth muscle of, sensitization of, 1981: Sept., 379
 toxic reactions, pollutant-induced, 1981: Sept., 377-392
 Alcohol, maternal abuse of, neonatal pulmonary effects of, 1980: Sept., 311-325
 Aldehydes, effect on mucociliary clearance, 1981: Sept., 386
 Allergens, occupational, 1981: May, 260-263
 Allergic alveolitis, 1981: Jan., 112
 Allergy, asthma and, 1980: Dec., 343
 Aluminum exposure, pulmonary effects of, 1981: May, 237-240
 Alveolar-capillary membrane, function of, 1981: Sept., 357
 Alveolar hypoventilation, during sleep, 1980: Jan., 62-66, 69
 primary, 1980: Jan., 119-124
 Alveolar interstitium, environmental lung disease and, 1981: Sept., 393-412
 Alveolar macrophage, 1981: Sept., 360, 394-397
 chemotactic activity of, 1981: Sept., 367
 dysfunction, viral infection and, 1981: Jan., 62
 effects of toxic gases on, 1981: Sept., 364
 environmental lung injury and, 1981: Sept., 402-406
 oxidant-production by, 1981: Sept., 403
 Alveoli, cells of, 1981: Sept., 394
 effect of PEEP on, 1982: Jan., 72-73
 Alveolitis, 1982: Sept., 492
 extrinsic allergic, 1982: Sept., 503-519
 induced by environmental agents, 1981: Sept., 402-406
 neutrophil, 1981: Sept., 404
 of sarcoidosis, 1982: Sept., 542, 544
 treatment of, 1982: Sept., 469
 Amikacin, pediatric use of, 1980: Sept., 389, 394
 Aminoglycosides, pediatric use of, 1980: Sept., 395
 Ammonia, lung disease from, 1981: May, 278-279
 Amniotic fluid, measurement of pulmonary surfactant in, 1980: Sept., 297-298
 Amniotic fluid foam test, 1980: Sept., 298
 Amoxicillin, pediatric use of, 1980: Sept., 388
 Ampicillin, pediatric use of, 1980: Sept., 388
 Ancylostoma duodenale infestation, 1981: Jan., 141
 Anergy, in pulmonary sarcoidosis, 1982: Sept., 549
 Angiitis, benign lymphocytic, 1982: Sept., 612
 Angiotensin-converting enzyme, pulmonary sarcoidosis and, 1982: Sept., 550
 Antibiotics, for pediatric respiratory disease, 1980: Sept., 385-406
 in chronic bronchitis, 1981: Jan., 85
 Antigen(s), mycobacterial, 1980: May, 192
 Antigen inhalation challenge, in asthmatics, 1980: Sept., 350
 Antigenic stimulation, of parenchymal cells, 1981: Sept., 363
 Antihistamines, for asthma, 1980: Sept., 355
 Antimony, lung disease from, 1981: May, 244-245
 Antituberculous drugs, activity of, 1980: May, 233-238.
 See also specific drugs.
 side-effects of, 1980: May, 249
 Appgar score, 1980: Sept., 301
 Apnea, during sleep, 1980: Jan., 62-66, 108-112
 primary alveolar hypoventilation and, 1980: Jan., 120
 treatment of, 1980: Jan., 115
 periodic, sudden infant death and, 1980: Sept., 330-332
 prolonged, neonatal, 1980: Jan., 154
 APUD cells, in etiology of small cell lung cancer, 1982: May, 264, 267, 389
 Arabinogalactan, 1980: May, 194
 Arabinomannan, 1980: May, 194
 Arachidonic acid, cyclo-oxygenase products of, 1982: Jan., 13-17
 lipooxygenase products of, 1982: Jan., 17-18
 metabolism of, 1982: Jan., 11-13
 ARDS. See *Respiratory distress syndrome, adult*.
 Argyria, 1981: May, 247-248
 Arrhythmias, cardiac, during insertion of catheter, 1982: Jan., 166
 in adult respiratory distress syndrome, 1982: Jan., 149
 sudden infant death and, 1980: Sept., 332
 Arsenic, lung cancer and, 1982: May, 223
 Arterial blood gases, in evaluation of impairment and disability, 1981: Sept., 334-336
 Arteritis, familial granulomatous, 1982: Sept., 639
 Asbestos, benign pleural disease from, 1981: May, 184-186
 biologic effects of, 1981: May, 182-185
 exposure standard for, 1981: May, 196
 lung cancer and, 1981: May, 290-292, 1982: May, 223-224
 lung diseases from, 1981: May, 179-202
 macrophage-activation by, 1981: Sept., 402, 404
 Asbestosis, 1981: May, 186-190
 alveolitis of, 1981: Sept., 404
 infection with, 1981: Jan., 113
 Ascaris lumbricoides infestation, 1981: Jan., 141
 Aspergillosis, allergic bronchopulmonary, 1982: Sept., 509
 Aspergillus fumigatus, 1982: Sept., 509
 Aspergillus pneumonia, in immunocompromised host, 1981: Jan., 22
 Asphyxia, at birth, 1980: Jan., 150
 Aspiration, transtracheal, 1981: Jan., 3-7, 45
 Aspiration lung biopsy, percutaneous, 1981: Jan., 7-9, 45
 Aspiration pneumonia, as cause of adult respiratory distress syndrome, 1982: Jan., 197
 in children, 1980: Sept., 402
 Aspiration pneumonitis, 1982: Jan., 25-34

- Asthma, continuing, 1980: Sept., 339-360
 control of breathing in, 1980: Jan., 85-89
 nocturnal, 1980: Jan., 70
 occupational, 1981: May, 255-272
 viral infection and, 1981: Jan., 67-78
- Atelectasis, at birth, pathophysiology of, 1980: Sept., 298
- Atypical mycobacteria, drug-resistance of, 1980: May, 229
 infection with, 1980: May, 184, 273-284
- Auxometry, in staging lung cancer, 1982: May, 296
- Avian proteins, pulmonary hypersensitivity to, 1982: Sept., 508
- Azathioprine, interstitial lung disease and, 1982: Sept., 523
- Azlocillin, pediatric use, 1980: Sept., 392
- BACILLUS Calmette-Guerin**, for immunotherapy of lung cancer, 1982: May, 428-433
 vaccination, 1980: May, 185-186, 270
- Bacteremia, gram-negative, corticosteroids for, 1982: Jan., 124-129
- Bacteria, colonization of, bronchopulmonary infection and, 1982: Jan., 133-142
- Bacterial pneumonia, in immunocompromised host, 1981: Jan., 20
 neonatal, antibiotics for, 1980: Sept., 398
- Bacterial superinfections, virus-induced, 1981: Jan., 59-66
- Barbiturates, maternal abuse of, neonatal pulmonary effects of, 1980: Sept., 311-325
- Baritosis, 1981: May, 242-244
- Barium, lung disease from, 1981: May, 242-244
- Barotrauma, pulmonary, as complication of adult respiratory distress syndrome, 1982: Jan., 144
 PEEP for, 1982: Jan., 74-75
- Basement membrane, of alveolar interstitium, 1981: Sept., 393, 398
- Behçet's syndrome, pulmonary involvement in, 1982: Sept., 615
- Benign lymphocytic angitis, 1982: Sept., 631
- Berylliosis, 1980: Jan., 97; 1981: Sept., 406
 mechanisms of injury in, 1981: Sept., 405
- Beryllium, lung cancer and, 1982: May, 226
- Beta-adrenergic drugs, for asthma in children, 1980: Sept., 354
- Biopsy, aspiration, percutaneous, 1981: Jan., 7-9, 45; 1982: Sept., 494
 open lung, 1981: Jan., 13-15; Sept., 485-490, 495
 anesthesia for, 1982: Sept., 486
 surgical procedure, 1982: Sept., 486, 487
 scalene node, 1982: Sept., 487
- Birth, multiple, maternal drug addiction and, 1980: Sept., 315
 onset of breathing at, 1980: Jan., 151-152
 respiratory adjustments at, 1980: Sept., 297
- Birthweight, maternal drug addiction and, 1980: Sept., 312
- Bis-chloromethyl ether, lung cancer and, 1981: May, 172
- Bleomycin, fibrosis and, 1982: Sept., 523-525
 lung disease and, 1981: Sept., 403, 404
- Blood gases, arterial, in evaluation of impairment and disability, 1981: Sept., 334-336
 determination in neonates, 1980: Sept., 292-295
 regulation of, peripheral chemoreceptors and, 1980: Jan., 18-21
- Body weight, excessive, cardiorespiratory effects of, 1980: Jan., 103-118
- Bone, tuberculosis of, 1980: May, 224
- Bovine tuberculosis, transmission of, 1980: May, 169
- Bradykinin, role in adult respiratory distress syndrome, 1982: Jan., 21
- Brain, carbon dioxide buffering capacity, 1980: Jan., 17
- Brainstem, chemoreceptors of, acid-base reactions and, 1980: Jan., 14-16, 19-20
 respiratory units of, 1980: Jan., 3-4
- Breath, shortness of, 1980: Jan., 47-55
- Breath-holding, sensation of, 1980: Jan., 47-48
- Breathing, control of, chemical, 1980: Jan., 13-32
 of, during sleep, 1980: Jan., 59
 of, in obesity, 1980: Jan., 107-112
 neural, 1980: Jan., 3-12
 effects of obesity on, 1980: Jan., 104-112
 fetal and neonatal, 1980: Jan., 145-159
 regulation of, parenchymal tissue reactions and, 1980: Jan., 95
- Breathlessness, in diffuse interstitial lung disease, 1980: Jan., 92
 psychophysiology of, 1980: Jan., 49
- Bronchial asthma, continuing, 1980: Sept., 339-360
 control of breathing in, 1980: Jan., 85-89
 nocturnal, 1980: Jan., 70
- Bronchial challenge tests, for occupational asthma, 1981: May, 267
- Bronchial hyperreactivity, assessing, 1980: Sept., 349
- Bronchiectasis, 1980: May, 210
- Bronchitis, respiratory control in, 1980: Jan., 78
- Bronchiolitis, asthma after, 1980: Sept., 343; 1981: Jan., 67-69
- Bronchitis, chronic, 1981: Jan., 79-89
 occupational, infection with, 1981: Jan., 112
 viral infection and, 1981: Jan., 71
- Bronchoalveolar lavage, in interstitial disease, 1982: Sept., 466, 468, 469, 495, 496
 staging of pulmonary sarcoidosis, 1982: Sept., 553-555
- Bronchoconstriction, inflammatory, causes, 1981: May, 259
- Bronchogenic carcinoma, asbestos exposure and, 1981: May, 194
 occupational lung disease and, 1981: May, 289-300
- Bronchopleural fistula, 1981: Jan., 45
- Bronchopneumonia, in children, 1980: Sept., 397
- Bronchopulmonary dysplasia, after neonatal respiratory distress syndrome, 1980: Sept., 306-308
- Bronchoscopy, fiberoptic, 1981: Jan., 9-13, 33
 in peri-empysematous lung infection, 1981: Jan., 54
- Bronchoscopy, flexible fiberoptic, for localizing lung cancer, 1982: May, 322-325
- Bronchospasm, virus-induced, 1981: Jan., 73
- Brush biopsy, 1981: Jan., 10, 33
- Buffering, shared, 1980: Jan., 26
- Bullae, air-fluid levels in, 1981: Jan., 54
- Burns, surface, as cause of adult respiratory distress syndrome, 1982: Jan., 205
- Busulfan, interstitial lung disease and, 1982: Sept., 525, 526
- Byssinosis, 1982: Sept., 507, 508
- CADMIUM**, ciliary effects of, 1981: Sept., 388
- Calcitonin, excessive levels of, in lung cancer, 1982: May, 312
- Calcium, elevated levels of, in lung cancer, 1982: May, 312-313
- Candida pneumonia, in immunocompromised host, 1981: Jan., 23
- Caplan's syndrome, 1981: May, 230
- Capreomycin, 1980: May, 246
- Carbenicillin, pediatric use, 1980: Sept., 387, 388

- Carbon dioxide, arterial, in neonates, CPAP and, 1980: Sept., 292
- inhalation, ventilatory response in COPD, 1980: Jan., 75-77
- rebreathing, neonatal ventilatory response, 1980: Jan., 153
- regulation, 1980: Jan., 18-21
- in COPD, 1980: Jan., 73-75
- during exercise, 1980: Jan., 81
- response to, emotional state and, 1980: Jan., 140
- retention of, 1980: Jan., 35-36
- stimulation, in assessing respiratory control, 1980: Jan., 36
- Carbon dioxide response curves, 1980: Jan., 19-20
- in chronic obstructive lung disease, 1980: Jan., 77
- Carbon dioxide tension, arterial, in neonates, 1980: Sept., 294
- Carbon monoxide diffusing capacity, in evaluation of structural lung damage, 1981: Sept., 331-334
- Carbonic anhydrase, pulmonary, 1980: Jan., 23
- Carcinogens, pulmonary, 1981: May, 172, 293-294
- Carcinoids, of lung, pathology of, 1982: May, 274
- Carcinoma, atypical mycobacterial infections and, 1980: May, 276
- bronchogenic, asbestos exposure and, 1981: May, 194
- occupational lung disease and, 1981: May, 289-300
- exposure to asbestos and, 1981: May, 194-196
- exposure to fibrous glass and, 1981: May, 211
- exposure to talc and, 1981: May, 208
- exposure to zeolite and, 1981: May, 212-213
- laryngeal, asbestos and, 1981: May, 195
- Carcinoma, of lung. See *Lung carcinoma*.
- risk of, occupational lung disease and, 1981: Sept., 347
- small cell, of lung. See *Small cell lung carcinoma*.
- squamous cell, of lung. See *Squamous cell lung carcinoma*.
- Cardiac arrhythmias, sudden infant death and, 1980: Sept., 332
- Cardiac output, effects of PEEP on, 1982: Jan., 177-178
- measurement of, with balloon-flotation catheter, 1982: Jan., 159-160
- PEEP and, 1982: Jan., 163-165
- Cardiopulmonary resuscitation, in neonatal respiratory distress syndrome, 1980: Sept., 301-303
- Cardiorespiratory failure, during sleep, 1980: Jan., 62-63
- Case-finding, in tuberculosis, 1980: May, 258-261
- in developing countries, 1980: May, 266-267
- Catheter, flotation, insertion of, 1982: Jan., 157
- Swan-Ganz, complications of adult respiratory distress syndrome with use of, 1982: Jan., 145
- Catheterization, pulmonary artery, complications of, 1982: Jan., 165-166
- Cefaclor, pediatric use of, 1980: Sept., 389, 393
- Cefadroxil, pediatric use of, 1980: Sept., 393
- Cefazolin, pediatric use of, 1980: Sept., 389, 393
- Cell(s), alveolar, 1981: Sept., 394
- Cellular immunity, in tuberculosis, 1980: May, 170, 196
- Central nervous system, tuberculosis of, 1980: May, 173
- Central venous pressure, in neonates, 1980: Sept., 291
- Cephalexin, 1980: Sept., 389, 393
- Cephaloridine, pediatric use of, 1980: Sept., 393
- Cephalosporins, pediatric use of, 1980: Sept., 392
- Cephalothin, pediatric use of, 1980: Sept., 392
- Cephmandole, pediatric use of, 1980: Sept., 389, 393
- Cephadrine, pediatric use of, 1980: Sept., 389, 393
- Ceramic fibers, lung disease from, 1981: May, 210
- Cerebrospinal fluid, in shared buffering, 1980: Jan., 17
- Chemical hazards, assessment in work environment, 1981: Sept., 317-326
- Chemoprophylaxis, of tuberculosis, 1980: May, 169, 170, 185, 203-208, 270
- Chemoreceptors, medullary, acid-base reactions and, 1980: Jan., 14-16, 19-20
- Chemotactic factor(s), in pulmonary inflammation, 1981: Sept., 363, 365-367
- neutrophil, 1981: Sept., 404
- in environmental lung disease, 1981: Sept., 403
- Chemotherapy, as prognostic factor in lung cancer, 1982: May, 236
- for non-small cell lung carcinoma, 1982: May, 399-414
- for small cell cancer of lung, 1982: May, 391-392
- for tuberculosis, short-course, 1980: May, 231-241, 243-252
- Chemotherapy-induced interstitial lung disease, 1982: Sept., 521-529
- Chest wall block, in study of respiratory sensation, 1980: Jan., 49
- Chest x-ray, appearance of lung cancer on, 1982: May, 232
- for early detection of lung cancer, 1982: May, 230-231, 248-250, 321, 337
- for staging bronchogenic carcinoma, 1982: May, 294, 338-339
- Children, chronic disease in, malnutrition with, 1980: Sept., 375-384
- continuing asthma in, 1980: Sept., 339-360
- respiratory disease in, antibiotics for, 1980: Sept., 385-406
- respiratory distress syndrome in, 1980: Sept., 297-309
- Chlamydia trachomatis pneumonia, 1980: Sept., 398
- Chlorambucil, interstitial lung disease and, 1982: Sept., 526
- Chloramphenicol, 1980: Sept., 390, 395
- Chlorine, pulmonary effects of, 1981: May, 275, 278
- Chloromethyl ethers, lung cancer and, 1982: May, 224
- Chloroprene, lung cancer and, 1982: May, 226
- Chromium, lung cancer and, 1982: May, 224
- Chronometry, in staging lung cancer, 1982: May, 296
- Cilia, effect of toxic substances on, 1981: Sept., 388
- Clindamycin, 1980: Sept., 391, 396
- Cloxacillin, pediatric use of, 1980: Sept., 388
- Coal dust, effects of, 1981: May, 220, 223
- Coal worker's pneumoconiosis, 1981: Jan., 117
- Coastering, 1980: Jan., 137
- Cobalt, effects of, 1981: May, 246-247
- Cohort analysis, of tuberculosis mortality, 1980: May, 176-177
- Colistin sulfate, pediatric use of, 1980: Sept., 389
- Collagen, alveolar, 1981: Sept., 398-401
- Collagen vascular disease, 1982: Sept., 565-578
- dermatomyositis, 1982: Sept., 574, 575
- lupus erythematosus, 1982: Sept., 565-569
- lung volume in, 1982: Sept., 567, 568
- presence of immunoglobulins, 1982: Sept., 565, 566
- roentgenographic findings in, 1982: Sept., 567
- mixed connective tissue disease, 1982: Sept., 576
- polymyositis, 1982: Sept., 574, 575
- pulmonary vasculitis and, 1982: Sept., 615
- rheumatoid arthritis, 1982: Sept., 569-571
- immunologic factors in, 1982: Sept., 569, 570
- sclerosis, progressive systemic, 1982: Sept., 571-574
- Sjögren's syndrome, 1982: Sept., 574
- Combined small cell lung carcinoma, pathology of, 1982: May, 271
- Co-morbidity, in staging lung cancer, 1982: May, 295-296
- Complement system, role in activation of granulocytes, 1982: Jan., 18

- Compliance, with antituberculosis therapy, 1980: May, 250, 253-256
in developing countries, 1980: May, 267-270
- Computed tomography, for planning radiation therapy for lung cancer, 1982: May, 342
for solitary pulmonary nodule, 1982: May, 363
for staging bronchogenic carcinoma, 1982: May, 339-343
- Congestion, pulmonary, acute, ventilatory response to, 1980: Jan., 98-99
- Congestive heart failure, in primary alveolar hypoventilation, 1980: Jan., 120
- Connective tissue changes, in interstitial disease, 1982: Sept., 460
- Connective tissue components, alveolar, in environmental lung disease, 1981: Sept., 403
interstitial, 1981: Sept., 393, 394, 398-401
chemotactic activity of, 1981: Sept., 367
- Containment, of tuberculosis, 1980: May, 257-258
- Corticosteroids, clinical studies of, 1982: Jan., 124-129
in military tuberculosis, 1980: May, 222
- Cough, in tuberculosis, 1980: May, 168
- CPAP, clinical characteristics of, 1982: Jan., 80
complications of, 1982: Jan., 81
for adult respiratory distress syndrome, 1982: Jan., 79-81
in neonates, 1980: Sept., 291, 303
- Crib death, 1980: Jan., 156
- Cryptococcal pneumonia, in immunocompromised host, 1981: Jan., 24
- Cutting needle biopsy, for diagnosing lung cancer, 1982: May, 326
- Cyanosis, in neonates, 1980: Sept., 290
- Cyclophosphamide, interstitial lung disease and, 1982: Sept., 526
- Cycloserine, 1980: May, 246
- Cystic fibrosis, antibiotic therapy in, 1980: Sept., 400-402
diagnosis and treatment, 1980: Sept., 407-420
Pseudomonas infection with, 1981: Jan., 91-102
pulmonary infection with, 1981: Jan., 106-107
research directions, 1980: Sept., 423-427
- Cytotoxic drugs, pulmonary inflammation from, 1981: Jan., 303
- D-ANTIGEN, elevated in adult respiratory distress syndrome, 1982: Jan., 6
- Dermatomyositis, and collagen vascular disorders, 1982: Sept., 574, 575
- Diagnostic procedures, invasive, 1981: Jan., 3-18
- Diaphragm, eventration of, 1980: Jan., 127-128
function, assessing, 1980: Jan., 35
in hypoventilation syndromes, 1980: Jan., 122
motor disturbances of, 1980: Jan., 125-129
paralysis of, 1980: Jan., 125-127
- Diffusing capacity, reduction, in interstitial disease, 1982: Sept., 463
- Disability evaluation, for pulmonary impairment, 1981: Sept., 327-342
- Disseminated intravascular coagulation, as cause of adult respiratory distress syndrome, 1982: Jan., 204
- Disseminated tuberculosis, 1980: May, 176, 194
chemotherapy of, 1980: May, 250
- Donnan r, 1980: Jan., 17, 27
- Doxycycline, 1980: Sept., 395
- Droplet nucleus, in transmission of tuberculosis, 1980: May, 167-169
- Drowning, as cause of adult respiratory distress syndrome, 1982: Jan., 197
- Drug(s), abuse, maternal, pulmonary problems of infant with, 1980: Sept., 311-325
antituberculous, activity of, 1980: May, 233-238
side-effects of, 1980: May, 249
cytotoxic, lung disease and, 1981: Jan., 303
overdose, associated with adult respiratory distress syndrome, 1982: Jan, 205
resistance, in tuberculosis, 1980: May, 227-230
- Dust(s), control, in prevention of occupational lung disease, 1981: Sept., 345
occupational, asthma and, 1981: May, 264
organic, granulomatous inflammation from, 1981: Sept., 369
- Dyphylline, 1980: Sept., 354
- Dyspnea, 1980: Jan., 47-55
genesis of, 1980: Jan., 50-52
psychophysiologic aspects of, 1980: Jan., 135-136
- EAR oximetry, 1980: Jan., 61
for monitoring oxygenation, 1982: Jan., 187
- Edema, pulmonary. See *Pulmonary edema*.
- Electrolyte abnormalities, as complications of adult respiratory distress syndrome, 1982: Jan., 178-179
- Electromyography, in assessing respiratory control, 1980: Jan., 41-42
- Embolism, fat, as cause of adult respiratory distress syndrome, 1982: Jan., 202-203
pulmonary, ventilatory responses to, 1980: Jan., 99-100
venous air, associated with adult respiratory distress syndrome, 1982: Jan., 205
- Emphysema, PEEP and, 1982: Jan., 93
pneumonitis with, 1981: Jan., 51-57
radiographic findings in, 1982: Jan., 93
respiratory control in, 1980: Jan., 78
- Empyema, 1981: Jan., 43
in children, 1980: Sept., 397
- Encephalitis lethargica, hypoventilation syndrome with, 1980: Jan., 122
- Endothelial cells, pulmonary capillary, 1981: Sept., 358
- Enzymes, pulmonary, in tuberculosis, 1980: May, 171
- Environmental agents, initiation of lung injury by, 1981: Sept., 362-364; 402-406
- Eosinophilia, tropical pulmonary, 1981: Jan., 142
- Ephedrine, for asthma in children, 1980: Sept., 354
- Epidemiologic research, principles of, 1981: Sept., 305
- Epidemiology, of occupational lung diseases, 1981: Sept., 305-316
of tuberculosis, 1980: May, 175-187
- Epiglottitis, 1980: Sept., 396
- Epithelial hyperpermeability, airway, 1981: Sept., 380-382
- Erythromycin, pediatric use of, 1980: Sept., 395
- Esophageal pressure determination, in neonate, 1980: Sept., 294
- Ethambutol, 1980: May, 233, 240, 246-248
- Ethionamide, 1980: May, 246
- Eventration, diaphragmatic, 1980: Jan., 127-128
- Exercise, carbon dioxide regulation during, 1980: Jan., 81
challenge testing, in asthmatics, 1980: Sept., 348
hyperpnea, of, 1980: Jan., 23-24
testing, in impairment and disability evaluation, 1981: Sept., 336
- Exotoxin A, 1981: Jan., 96
- Exposure limits, for environmental contaminants, 1981: Sept., 318-322
- Extrapulmonary tuberculosis, 1980: May, 173, 182, 219-225
chemotherapy of, 1980: May, 250

- FARMER'S lung**, 1982: Sept., 506, 507
 nitrous oxide inhalation and mycotoxicosis, 1982: Sept., 506
 other diseases and related patterns of exposure, 1982: Sept., 507
- Fat embolism**, as cause of adult respiratory distress syndrome, 1982: Jan., 202-203
- Feeding**, decreased oxygen tension and bradycardia with, 1980: Sept., 294
- Fenoterol**, for asthma in children, 1980: Sept., 355
- Ferruginous bodies**, asbestos and, 1981: May, 184
- Fetal breathing**, 1980: Jan., 145-159
- Fever**, in immunocompromised host, 1981: Jan., 19-39
- Fiberoptic bronchoscopy**, 1981: Jan., 9-13, 33
 in peri-emphysematous lung infection, 1981: Jan., 54
- Fibroblasts**, alveolar, 1981: Sept., 394
 direct injury by environmental agents, 1981: Sept., 406
 in environmental lung disease, 1981: Sept., 404
- Fibronectin**, 1981: Sept., 401
- Fibrotic gene**, 1982: Sept., 635, 636
- Fibrous minerals**, lung disease from, 1981: May, 203-218
- Fistula**, bronchopleural, 1981: Jan., 45
- Flutter**, diaphragmatic, 1980: Jan., 128
- Frog breathing**, 1980: Jan., 150
- Fuller's earth**, pulmonary effects of, 1981: May, 213-214, 220-221
- Fumes**, toxic, inhalation of, 1981: May, 273-288
- Functional residual capacity**, decreased, in adult respiratory distress syndrome, 1982: Jan., 10-11
- Fungal pneumonia**, in immunocompromised host, 1981: Jan., 22
- GALLIUM scanning**, for detecting metastases of lung cancer, 1982: May, 345-346
 interstitial disease and, 1982: Sept., 467, 468
- Gas(es)**, blood. *See Blood gases.*
 hazardous, assessment of, 1981: Sept., 318-322
 inhaled, parenchymal cell injury by, 1981: Sept., 362
 irritant inhalation of, 1981: May, 273-288
- Gas exchange**, alveolar interstitium in, 1981: Sept., 401
 in adult respiratory distress syndrome, 1982: Jan., 57-67
 in analysis of disability and impairment, 1981: Sept., 334-336
 monitoring of, 1982: Jan., 185
- Gas-exchanging cells**, 1981: Sept., 357
- Gastric contents**, aspiration of, 1982: Jan., 197
- Gastrointestinal cancer**, asbestos exposure and, 1981: May, 195
- Gastrointestinal reaction**, to isoniazid, 1980: May, 205
- Genitourinary tuberculosis**, 1980: May, 1973, 183
- Gentamicin**, pediatric use, 1980: Sept., 392, 394
- Giant cell lung carcinoma**, pathology of, 1982: May, 282-283
- Glanders**, 1981: Jan., 135
- Glass**, fibrous, lung disease from 1981: May, 208-210
- Glucocorticoids**, for treating adult respiratory distress syndrome and shock, 1982: Jan., 121-132
- Glucoproteins**, effect on mucociliary transport, 1981: Sept., 388
- Glycoproteins**, alveolar, 1981: Sept., 401
 in cystic fibrosis, 1980: Sept., 424
- Glycosaminoglycans**, 1981: Sept., 401
- Goodpasture's syndrome**, 1982: Sept., 593-598
- Grain dusts**, complement activation by, 1981: Sept., 369
- Gram-negative sepsis**, adult respiratory distress syndrome and, 1982: Jan., 19
- Granulocytes**, role in lung injury, 1982: Jan., 17-20
- Granuloma**, midline, 1982: Sept., 612, 613
- Granulomatosis**, allergic, 1982: Sept., 612-614
- Granulomatous inflammation**, occupationally induced, 1981: Sept., 369, 371
- Granulomatous vasculitis**, 1982: Sept., 607, 608
- Grunt**, respiratory, 1980: Sept., 289
- HEAD'S paradoxical reflex**, 1980: Jan., 150
- Heart**, arrhythmias, sudden infant death and, 1980: Sept., 332
 changes in, with PEEP, 1982: Jan., 64
 failure, congestive, in primary alveolar hypoventilation, 1980: Jan., 120
 output of, with PEEP, decreased, 1982: Jan., 73-76
 increased, 1982: Jan., 76
- Heavy metals**, mucociliary clearance and, 1981: Sept., 386
- Hemodynamics**, monitoring of, in adult respiratory distress syndrome, 1982: Jan., 157-169
- Hemorrhage**, gastrointestinal, as complication of adult respiratory distress syndrome, 1982: Jan., 146-147
- Hemosiderosis**, pulmonary, idiopathic, 1982: Sept., 600-602
 familial, 1982: Sept., 638
 with juvenile rheumatoid arthritis, 1980: Sept., 373
- Heparin**, incidence of pulmonary emboli and, 1982: Jan., 143
- Hering-Breuer reflex**, 1980: Jan., 87
 in infants, 1980: Jan., 153
- Heroin addiction**, pregnancy and, 1980: Sept., 313
- Hiccup**, 1980: Jan., 128
- High-frequency positive-pressure ventilation**, for adult respiratory distress syndrome, 1982: Jan., 81-83
- Histiocytosis-X**, primary pulmonary, 1982: Sept., 643-653
 causes of, 1982: Sept., 645, 646
 cells in, 1982: Sept., 645
 chest roentgenogram in, 1982: Sept., 647, 648
 pathophysiology of, 1982: Sept., 648, 649
 role of biopsy in, 1982: Sept., 649
 symptoms of, 1982: Sept., 646
- Histiocytosis-X cells**, 1982: Sept., 466
- Histology**, importance in staging lung cancer, 1982: May, 294-295
- History**, occupational, 1981: May 173
- HLA**, pulmonary sarcoidosis, 1982: Sept., 550
- Hoover's sign**, 1980: Jan., 35, 125
- Hormones**, adrenocortical, ectopic production in lung cancer, 1982: May, 308-310
 antidiuretic, inappropriate secretion of, 1982: May, 310-312
 growth, increased concentration in lung cancer, 1982: May, 313
- Hughes-Stovin syndrome**, 1982: Sept., 616
- Humidifier lung**, 1982: Sept., 508
- Hydrocarbons**, lung cancer and, 1982: May, 224-225
- Hydrochloric acid**, role in aspiration pneumonitis, 1982: Jan., 25-29
- Hypercapnia**, in chronic obstructive lung diseases, 1980: Jan., 73
- Hyperoxia**, 1980: Jan., 15-16
 pulmonary, 1982: Jan., 109-119
 tolerance to, 1982: Jan., 111-112
- Hyperpnea**, cardiogenic, 1980: Jan., 24
 of exercise, 1980: Jan., 23-24
- Hyperreactivity**, airway, 1981: Jan., 70
 pollutant-induced, 1981: Sept., 377-383
- Hypersensitivity**, as risk factor in occupational lung disease, 1981: Sept., 347
 delayed, in tuberculosis, 1980: May, 1970, 196

- Hypersensitivity pneumonitis**, 1980: Jan., 97; 1982: Sept., 503-519
 airways, immunologic factors in, 1982: Sept., 511-515
 byssinosis, 1982: Sept., 507, 508
 chronic disease, signs of, 1982: Sept., 510
 farmer's lung, 1982: Sept., 506, 507
 humidifier lung, 1982: Sept., 508
 immunopathogenesis of, 1982: Sept., 515-517
 lymphocytic-granuloma tissue response in, 1982: Sept., 517
 mechanisms of, 1981: Sept., 405
 occupationally induced, 1981: May, 172; Sept., 369
 pigeon breeder's lung, 1982: Sept., 508, 509
- Hypersomnia**, 1980: Jan., 62
- Hypertension**, pulmonary, in primary alveolar hypoventilation, 1980: Jan., 120
 with severe obesity, 1980: Jan., 112, 114
- Hyperventilation**, alveolar, in asthma, 1980: Jan., 85
- Hypogammaglobulinemia**, acquired, 1981: Jan., 104-106
 in children, 1980: Sept., 402
- Hypoglycemia**, with neonatal respiratory distress syndrome, 1980: Sept., 302
- Hypotension**, as complication of adult respiratory distress syndrome, 1982: Jan., 149
- Hypoventilation**, alveolar, during sleep, 1980: Jan., 62-64
 primary, 1980: Jan., 119-124
 evaluation of, 1980: Jan., 34-35
- Hypoventilation syndrome**, with obesity, 1980: Jan., 105, 107-112
 progesterone for, 1980: Jan., 115
- Hypoxemia**, arterial, with bronchoscopy, 1981: Jan., 12
 in adult respiratory distress syndrome, 1982: Jan., 10, 58, 69, 198
- Hypoxia**, ventilatory response to, 1980: Jan., 15, 19
 neonatal, 1980: Jan., 153
- IATROPY**, in staging lung cancer, 1982: May, 295
- Immotile cilia syndrome**, respiratory infection with, 1981: Jan., 107-109
- Immune cells**, alveolar, 1981: Sept., 394
 parenchymal, 1981: Sept., 360
- Immune system**, defects, in cystic fibrosis, 1981: Jan., 97-98
 respiratory infection and, 1981: Jan., 103-110
 humoral, in pulmonary inflammation, 1981: Sept., 368
- Immunity**, cellular, in tuberculosis, 1981: May, 170, 196
- Immunoadjuvant therapy**, for lung cancer, 1982: May, 432-441
- Immunoblastic lymphadenopathy**, 1982: Sept., 622-625
- Immunocompetence**, depressed, as complication of adult respiratory distress syndrome, 1982: Jan., 150-151
 in adult respiratory distress syndrome, nutrition and, 1982: Jan., 102
- Immunocompromised host**, fever and new infiltrates in, 1981: Jan., 19-39
 fiberoptic bronchoscopy in, 1981: Jan., 10-12, 33
 pneumonia in children and, 1980: Sept., 402
- Immunoincompetence**, in lung cancer, 1982: May, 424-426
- Immunologic lung disease**, occupationally induced, 1981: May, 172. See also specific disorders.
- Immunology**, of tuberculosis, 1980: May, 189-201
- Immunopathogenesis**, of interstitial disease, 1982: Sept., 459
- Immunoregulation**, in tuberculosis, 1980: May, 196-198
- Immunotherapy**, for asthma, 1980: Sept., 355
 lung cancer, rationale for, 1982: May, 423-424
 for small cell lung cancer, 1982: May, 395
- Industrial hygiene**, 1981: May, 176; Sept., 317-326
- Infant(s)**, control of breathing in, 1980: Jan., 145-159
 mortality, maternal drug-addiction and, 1980: Sept., 321
 of drug-abusing mother, 1980: Sept., 311-325
 premature, apnea in, 1980: Jan., 154-156
 pulmonary function assessment in, 1980: Sept., 287-296
 respiratory distress syndrome in, 1980: Sept., 297-309
 sudden death in, 1980: Jan., 156; Sept., 327-337
- Infection**, airway, mechanisms of, 1981: Sept., 383
 antibiotic prophylaxis in, 1980: Sept., 403
 as complication of adult respiratory distress syndrome, 1982: Jan., 178
 bronchopulmonary, bacterial colonization and, 1982: Jan., 133-142
 nosocomial, as complication of adult respiratory distress syndrome, 1982: Jan., 149-150
 pulmonary, role in aspiration pneumonitis, 1982: Jan., 32
 respiratory tract, antibodies for, 1980: Sept., 396-403
- Infectivity**, of tuberculosis patients, 1980: May, 168, 169
- Infiltrative lung diseases**, lymphocytic, 1982: Sept., 619-634
- Inflammation**, granulomatous, 1981: Sept., 368
 occupationally induced, 1981: Sept., 369-371
 parenchymal, chemotactic factors in, 1981: Sept., 363, 365
 pulmonary, mechanisms of, 1981: Sept., 365-367
 occupationally induced, 1981: Sept., 367-372
- Inflammatory cells**, alveolar, 1981: Sept., 394
 parenchymal, 1981: Sept., 360
- Inorganic fibers**, nonasbestos, lung disease from, 1981: May, 203-219
- Inspiration**, inhibitory reflex, 1980: Jan., 87
 in infants, 1980: Jan., 153
 neural control of, 1980: Jan., 5
- Interferon**, 1981: Sept., 394
- Interleukin-1**, 1981: Sept., 396
- Interleukin-2**, 1981: Sept., 397, 398
- Intermediate cell subtype**, of small cell carcinoma of lung, 1982: May, 271
- Interstitial collagens**, alterations of, 1982: Sept., 460
- Interstitial cells**, function of, 1981: Sept., 359
- Interstitial fibrosis**, diffuse, as complication of adult respiratory distress syndrome, 1982: Jan., 144-145
- Interstitial lung diseases**, diffuse, respiratory control in, 1980: Jan., 91-102
 collagen-vascular disorders and, 1982: Sept., 565-578
 drug-induced, 1982: Sept., 521-536; see also under individual drugs
 heredity and, 1982: Sept., 635-641
 inherited, arteritis, familial granulomatous, 1982: Sept., 639
 familial idiopathic pulmonary fibrosis, 1982: Sept., 636
 hemosiderosis, familial idiopathic pulmonary, 1982: Sept., 638
 metabolic storage diseases, 1982: Sept., 638, 639
